

We were overwhelmed by the enthusiastic response of experts from all over Europe. In the last weeks, we have received more than 60+ applications by outstanding and purpose-driven professionals specialized in offering technical assistance to micro rural tourism businesses. These specialized Assistance Service Providers are approved by the EuroCluster Rural Tourism Consortium to empower micro rural tourism businesses by providing comprehensive technical assistance. A list of approved service providers that have one or more of the following expertise follows:

- **Business Mentoring Expertise:** This is a compulsory field covered by assistance service providers. They offer guidance and support to micro rural tourism businesses in areas such as business planning, financial management, marketing strategies, and operational efficiency. They help entrepreneurs identify opportunities, overcome challenges, and develop sustainable business models.
- **Technology and Digital Expertise:** In today's digital age, integrating technology into business operations is essential. Assistance service providers offer expertise in implementing and leveraging technology solutions for micro rural tourism businesses. This includes website development, online booking systems, social media marketing, digital advertising, and other technological tools to improve efficiency and reach a wider customer base.
- **Green and Sustainable Management Expertise:** As sustainable tourism practices gain importance worldwide, assistance service providers offer expertise in adopting green initiatives and sustainable management practices. They assist micro rural tourism businesses in implementing eco-friendly strategies, waste management, energy efficiency, and promoting responsible tourism to minimize environmental impact and attract environmentally conscious travelers.
- **Soft/Social Skills Expertise:** Developing soft skills and social competencies is vital for success in the tourism industry. Assistance service providers offer training and support to micro rural tourism businesses in areas such as customer service, communication skills, team building, cultural sensitivity, conflict resolution, and community engagement, inclusiveness and welcoming people with special needs. These skills enhance the overall visitor experience and contribute to the long-term success of the businesses.

The Assistance Service Providers will offer their expertise to 190 micro rural tourism businesses across 20 European countries. These providers have a deep understanding of the local context, cultural nuances, and unique challenges faced by micro rural tourism businesses in each country, enabling them to offer tailored support and guidance.
